

Susanne Belz

Susanne Belz is a chemist by training and did her PhD on analytical methods for toxicity testing. Following several years at University, she held a number of posts in the publication administration. In 1998, she started to work for the German regulatory agency in the area of medicinal products (Federal Institute for Drugs and Medical Devices, BfArM), first as assessor in the framework of granting marketing authorizations and subsequently working on the development and harmonization of pharmaceutical standards in Europe (European Pharmacopoeia). Since 2011 she has been working for the Joint Research Centre of the European Commission in the role as Work Programme Coordinator overseeing the activities of the Chemical Safety and Alternative Methods Unit incorporating the EU Reference Laboratory for Alternatives to Animal Testing (EURL ECVAM). Since 2014 she is co-chairing the Project Platform of the European Partnership for Alternative Approaches to Animal Testing (EPAA).
